PUBLISHER'S NOTE:

* The following *fulfilled* predictions and prophecies were written and completed May 31, 2008 (More added 2009, 2010, 2011, 2012 – and now 2013.)

“This current Epoch is experiencing the 4th world civilization. We have previously nearly been wiped out by fire, water and ice (the ice age). Now our corrupt world faces annihilation once again: –waves higher than mountains shall roll upon the lands as

continents split asunder and sink beneath the seas! Not suddenly, not all at once, but gradually. All this begins *before* the start of the 5th civilization. My fulfilled prophecy of New York City's floods and earthquakes is but a preview of coming events! Each subsequent flood will be worse than its predecessor, until all of New York is under water!” (First prophesied: *STARGAZER*, 2011; to wit: “Sandy's Fearsome Fury!” October 30, 2012, *Toronto Star*.)

* Renowned astrologer **JACQUELINE STALLONE** is not only famous for *studying* stars but also for giving birth to them – namely **FRANK** and **SYLVESTER STALLONE**. Few people realize she is *equally* successful as a *housekeeper*. That's right – a *housekeeper*! I once asked her what she meant by that, and she said: – “Look! I've been married five times and each time I got divorced – *I* kept the house!” Gotcha, Jackie. ...Newspapers world-wide to carry the *true* story of the “*scandal*” that shall split asunder this magnificent theatrical family. A fascinating tale which involves the late Frank Stallone Sr., Frank Jr., mother, Jackie, sister, Toni Ann – and, of course, Sylvester. It's gonna be a doozy, and it's gonna knock yer socks off!

[* P.S. – I now realize I should have used the word “*tragedy*” instead of “*scandal*” in light of the recent tragedies that have plagued the Stallone family. (First prophesied: *STARGAZER*, June 2012; to wit: “Sylvester

Stallone's son, Sage, dies suddenly!” and “Sly's sister Toni Ann dies of lung cancer!” July 13, 2012 and August 26, 2012 respectively, *Toronto Sun*.) Even though the Stallone family are dear friends of mine, I'm afraid it isn't over yet....]

“A great comet – not yet observed – is on a collision course with Earth! Yet a slight deviation from its elliptic orb miraculously spares us being slammed into oblivion!” (First prophesied: *STARGAZER*, 2010; to wit: “Dashing For Cover From An Asteroid;” March 12, 2012, *Toronto Sun*.)

“Onetime super-singer-actress **WHITNEY HOUSTON** (*Bodyguard*) succumbs to fatal stroke from illegal substance abuse! Ironically her husband, **BOBBY BROWN**, outlives her by decades.” (First prophesied: *STARGAZER*, 2010; to wit: “Houston Found Dead In Bathtub;” February 13, 2012, *Toronto Sun*.)

“An entire hockey team will be wiped out in a plane crash!” (First prophesied: *Toronto Sun*, December 18, 1992; to wit: “The Team Is Gone! 43 Killed In Russian Plane Crash!” September 8, 2011, *Toronto Sun*.)

“Catastrophic underwater earthquakes, giant tsunamis and inundations... including *Japan* and *Hawaii*, the likes of which we have not seen in recent history.” (First prophesied: *STARGAZER*, 2010; to wit: “Terrible Tsunami Hits Japan!” March 13, 2011, *Toronto Sun*.)

“There will be a very violent and fatal denouement to the **BIN LADEN** problem...” And: “You are a mad dog and a coward, and mad dogs must be put down, as soon you will be...” And: “Death will come swiftly.” (First prophesied: *STARGAZER*, 2008; to wit: “Dead Man Walking!” May 4, 2011, *Toronto Sun*.)

British Royal Wedding: “...There's an 'M' in his hand who will be his great love at age 26, but within two years they will part, reunite and then marry...” (First prophesied: *GLOBE / Toronto Sun*, 2002; to wit: “Royal Mis-Fortune,” April 29, 2011, *Toronto Sun*.)

“Earthquake rocks New York and Boston!...” And: “New York City swamped by a tidal wave! I 'see' flooding in New York!...” And: “Terrible flooding from rising sea levels hit corridors of New York...” (First prophesied: *STARGAZER*, 2010; to wit: “Irene's Fury Hits Manhattan!” August 29, 2011, *Toronto Star*.)

“Canadian monster **CLIFFORD OLSON**, probably the most prolific serial killer-rapist of innocent children in the world! JUDGEMENT DAY IS FAST APPROACHING! – *AND MUCH SOONER THAN YOU THINK!!!*” (First prophesied: *STARGAZER*, 2010; to wit: “Finally! Child-killer Clifford Olson dead of Cancer!” September 30, 2011, *Toronto Sun*.)

“A dynamic breakthrough in the treatment – and cure – of dreaded leukemia! A single common cause – viral in nature – for the various types is discovered and then a “single-thread” injection solves the problem.” (First prophesied: *STARGAZER*, 2008; to wit: “Breakthrough Therapy Rids Patients of Leukemia!” August 10, 2011, *Toronto Star*.)

“Whole face transplants will become commonplace throughout the medical and cosmetic industries for people who have severe disfigurements.” (First prophesied: *STARGAZER*, 2005; to wit: “Full-face transplant hailed as first; 30-member team gives Spanish gunshot victim new nose, cheeks, teeth.” April 24, 2010, *Toronto Star*.)

“A mighty transformational method of treating heart attack victims, as well as those with congestive heart failure, is on the very threshold of discovery!...” (First prophesied: *STARGAZER*, 2008; to wit: “Man's own stem cells used in bid to repair heart.” April 13, 2010, *CTVglobemedia*.)

“India's **TAJ MAHAL** will make news.... Surrounded by much sadness, much grief... perhaps fire – perhaps war!” (First prophesied: *STARGAZER*, 2006; to wit: “Psychic Predicts Mumbai Attacks!” San Diego, December 2008, *Wireless Flash News*!)

PREDICTIONS FOR 2013 - AND BEYOND! (...Maybe?)

Are we all still here? – Whew! But if not, then just ignore this! So, here are my predictions for 2013 – and beyond! No doubt a great change *is* coming, but not on December 21, 2012. I don't believe for a minute that we're all gonna be blasted into eternity or end up a frozen turd somewhere north of the tundra, at least not in the *foreseeable* future. However, if I'm wrong – sue me! But not until December 22, thank you.

Do you remember Y2K? Everybody breathed a sigh of relief when that date passed. But guess what? A little over a year later – 9-11! Nostradamus' prediction of “...In the year 1999, in the 7th month (July), the terror shall descend from the heavens at 45 degrees...” and although he made that dire prediction over 400 years ago, he was only off by about a year-and-a-half! So although the date Dec 21, 2012 will pass without incident – BE VERY WARY OVER THE NEXT COUPLE OF YEARS... VERY, VERY WARY!!!

It is only natural that someday (or night) in the *far* distant future, this old Earth of ours will grow too cold or too hot to sustain life as we know it, depending respectively on whether our sun eventually first turns blue and grows cold, or implodes then explodes into a great ball of fire to eventually engulf our entire solar system – and us!... (Gulp!) “...And I shall create for you a new heaven and a new Earth...” [Bible and Koran]

Suns, planets and galaxies are always dying or coming into existence, that is simply a Law of Nature. No one – not even a prophet – can predict the date when God's Judgement will come. (That is to say – God, the Star-Traveller's Judgement.) “...Concerning that day and hour nobody knows, neither the angels in heaven, not even the Son, but only the Father...” [Christian bible – Matthew 24:36-39]

After the Great Tribulation – and again *no one* knows *when* that will be – the Earth will be turned into a veritable paradise (which is a long time *before* it freezes or burns itself out). “...And then God shall wipe away every tear from their eyes, and death shall be no more; and neither will there be mourning, nor crying, nor pain anymore...” [Revelation 21:4]

The Universe *is* shrinking!.. or at least it feels that way to me!

(Perhaps it's my age!) *My* 24-hour day now feels like 12! When I was a kid, living on Centre Island in Toronto, I can remember watching the fireflies with their brilliant, bright little lights dancing gayly over the misty night swamp, and thinking to myself: “Poor little things, only 24 hours to live – and then death!” And now that I have reached this ripe old age, I am certain that the Eye of the Universe is looking down on me and this puny human race, and thinking: “...What a shame! Only a nanosecond to live... *less* than that of a firefly!”

WORLD EVENTS

A catastrophic *crack* in the Cosmos heard around the world will terrify the populace! And this too shall pass. However, it is but a *warning*, a prelude of what's to come! Look to the heavens for signs!... And for the coming of God! (The Star Traveller who created us.)

* * *

The good Star Traveller will do battle with the evil Star Traveller, Who is Satan! (But Satanail *is* his true name.) Then shall world peace reign....

* * *

We are plunging into a global war! Perhaps the beginning of the end of civilization *as we know it*. Events I predicted forty years ago and as recently as the day they were counting votes for President (then still to be elected) George W. Bush. Despite who or what is to blame, it is Destiny at work here, unfolding as It should, because Destiny *must be* satisfied. Fanned by the dogs of war, this spark, once ignited, shall combust into World War III! The signs are everywhere. We can see the ripple effect slowly spreading throughout the Mideast, to every nation....

A world conflagration is coming – Fire! Fire! Fire! – is all I see. The very mountains and oceans *seem* to change place. Woe unto Mankind... there is no place to hide... not even the peoples on foreign shores. The day of Nigh is the day of tribulation! The world *we know* – destroyed! Mighty oceans... dried up; this broad earth... burnt up! Therefore, cultivate friendliness and cultivate compassion. *These* are your best defences.

Be not restrained by religion lest you think the earth, sun, sky, sea, stars and planets abide forever, for in a single day all may be hurled to ruin! Raging fires burn land and sea, and rivers of fire ascend. A single day may see the burial of Mankind, save His Elect; only then shall the world be spared, *one last time*. All that is famous and all that is beautiful,

great thrones, great nations shall come to naught... everything destroyed, into the abyss, and flames will burst apart the foundation of the world....

But then, when all seem lost, a Light from heaven pierces the clouds and touches the waters as something lovely begins to emerge.... From the skies a Golden brightness, so brilliant the naked-eye dare not gaze upon it directly. And from heaven shall descend shining Beings of sparkling garments, and the world shall be saved.

There will be no peace among men until the Star Travellers return to halt the carnage and save Mankind from annihilation. Then surely all religions WILL BE ONE AND ONLY HE SHALL SIT UPON THE WORLD THRONE. Until then, a painful crying and yearning for a time and a place far away and long ago shall go out from the land such as has never been heard before, not since the foundation of the world was created.

* * *

The Great One uncovers the secret of the Great Sphinx to demonstrate to all Mankind His relationship to His Earthbound creatures.

* * *

A respected world figure will feign to bring about a global entente cordiale, of course to no avail. There is a dark malevolence surrounding this man.

“...and the whole earth followed the beast with wonder.” (Revelation 13:3)

* * *

ARNOLD SCHWARZENEGGER's health will deteriorate dramatically!

(* Incidentally, Anthony Carr was the only psychic and palmist who accurately predicted Arnold's near-fatal heart problems in the GLOBE

tabloid, December 31st, 1996 – and which was fulfilled and reported in the GLOBE three months later, May 6th, 1997.)

* * *

Worship of the golden calf will cease as the world returns to old-fashioned values, but not before a devastating catastrophe, as nations fall to their knees in trembling.

* * *

The protective ozone layer will be so depleted that great chunks of space debris and rock shall hurl down on cities and towns until this canopy *is healed* through wise administration and husbandry by the human race.

* * *

Voluntary euthanasia centres for the physically, mentally and spiritually impoverished will be made available.

* * *

Two world figures agree to an old-fashioned boxing match to avoid war. (Imagine! – cowardly politicians finding two among their ranks willing to duke it out!)

* * *

Australia and New Zealand will yet be the main arena of World War III!

* * *

Complete collapse of world political and economic stability further adds to the countdown to Armageddon, now in its infancy in Iraq!

* * *

A cashless society is coming! Invisible credit numbers electrically tattooed on the body becoming visible only beneath ultra-violet light. Anyone without a number will be treated like a pariah.

* * *

During the coming Great War, a tremendous explosion will devastate most of Paris and render the Eiffel Tower a twisted, useless mess.

* * *

In and around Las Vegas, Nevada, fiery volcanoes suddenly erupt out of nowhere – rivulets of lava flowing down the sides of newly formed mountains.

* * *

Overnight most of Southern California slips into the Sea as Arizona forms the new coastline. (Save the slot machines!)

* * *

Make no mistake about this! The mighty Eagle (United States) will do battle with the lands whose symbols are the “Crescent and Star,” the “Hammer and Sickle” and the “Red Star” (Arab nations, Russia, red China and Korea). The Eagle emerges victorious!

* * *

This next War, born out of want between the wealthy and the poor will never be so apparent as during the next few years!

* * *

Brave Great Britain, alas, will suffer mightily in the conflict; yet her seed will once more spring forth like the indestructible Phoenix.

* * *

Tectonic upheavals will rock Paris, New York City, Boston Toronto and Rome – devastating many landmarks: Empire State Building, Boston Harbour, C.N. Tower and Vatican City. The last Pope will flee his cloister to preserve his life!

* * *

Movies, television, live theatre reinvented as affordable holographic sets become the rage in Canada and America. *Shakespeare in the Park* no more; Shakespeare in your *living room* – yes.

* * *

The process of learning and teaching will change dramatically! Books, lectures and didactic information is instantly impressed in the psyche of the student by means of his sitting in front of a computer-like device that emits a strange purple beam, after which he simply – “*knows!*”

* * *

A “miracle” will manifest itself before all the world, bringing hostilities to an immediate halt.

* * *

A worldwide medicare plan!

* * *

Large parts of Florida sink beneath the waves as long submerged Atlantic Islands begin to surface, like stepping stones.

* * *

This is a *strange* vision!... I see countless thousands of men, women and children, all walking across desert or plains country, arid hills in the background, toward a bizarre looking, russet-coloured craft (for want of a better description).

It resembles a curling stone without handle. On either side are two huge, round, silver-like fins or wings. It (the curling stone) sits high up on a tripod affair, with covered or chrome-like fenders covering the top halves of the feet.... It appears to be a gathering or culling of a percentage of the Earth's peoples by superior Beings who may be responsible for our earthly existence. They are “collecting” for the perpetuation and continuance of the human race before and after the coming tribulation. During this same period, UFOs are sighted in great numbers, flying in three endless lines: left, right and centre.

* * *

Another strange vision!... In my mind's eye a “figure” wears a gilded crown or headpiece. The figure emerges from the strange looking

aircraft.... He hold aloft something shinning or glowing – and there are four or five other “figures” standing beside and behind the main figure. Obviously it is God, the Star Traveller.

* * *

In the Andes Mountains, “Christ of the Andes” topples into the gorge, and church bells will ring unattended; the famous Madonna in Mexico City gives wonderful portent of coming miracles. Most of the “signs” centre on the Christ child held in her arms. She weeps! Italy’s Leaning Tower of Pisa crumbles as Madonna Delle Lacrine weeps for the wondrous changes at hand!

* * *

Terrible fighting occurs over the erection of the “third temple” in Jerusalem. To be built on the Temple Mount, or Mount Moriah, most sacred site of the Muslims; Dome of the Rock and the Al-Aasa Mosque. The temple can be built only if the Islamic Shrine is demolished. (Good luck!)

* * *

No more cancer! Cancer cures result from the eradication of the gene that triggers the dreaded disease. Mankind’s most deadly scourge will become a dim memory.

* * *

Cold cash, a thing of the past! The “Mark of the Beast” in Revelations: 13 – “666,” a basic number in a giant computer that controls all banking and credit world-wide. Everyone will be required to have this number, or a variation of it, on his person. He who is without, shall perish.

* * *

A new order of world government prevails. In Canada, United States and around the globe, laws of the land will be upheld without use of brutal force or Gestapo-type tactics.

* * *

The *true* anti-Christ reveals himself to a shocked world! There will be no doubt.

* * *

In decades to come a variation of the American dollar will still be the strongest currency in the world!

* * *

Former U.S.S.R. countries pull themselves together under a powerful leader to once more threaten world peace. But only temporarily. Beware China!

* * *

Valuable, valuable gold! – gold! – gold!!

* * *

All of Canada will one state be, with no borders between U.S. and sea to sea.

* * *

Electrical disorders cured Electrically.

* * *

Without doubt proof that Electrical Energy survives death! (The Soul.)

* * *

Moses will walk the Earth again! And discovery of the Ark of the Covenant!

* * *

Amputated arms, legs and eyes grow back! Thanks to the amphibian gene!

* * *

Through a highly advanced form of DNA engineering and cloning of life's building blocks, beloved ones shall rise from the grave.

* * *

That Jesus Christ was the first case ever of artificial (in vitro) fertilization will be proven *fact* and believed by the world (instead of just by *me*).

* * *

Canadian and American cities will adopt police state-like armies to protect the citizenry and their property.

* * *

Canada annexed by the United States to become 51st state, as I predicted thirty years ago (Toronto Star).

* * *

Northern climes such as the Yukon, Northwest Territories and Alaska see enormous influx of settlers as these regions become temperate and habitable.

* * *

Discovery of “unifying, supra anti-rejection drug” imitates human tissue perfectly and spreads so evenly throughout the human body’s cellular fabric, that all organ transplants take perfectly on the first attempt, regardless of donor source. Cloning stem-cell embryos for organ harvesting to become as natural as one washes one’s hands, Religious, superstitious notions will be ignored.

* * *

Delicate surgical procedures – heart, eye, brain – all done by robots – and all organs will be replaced through stem cell research.

* * *

I have been predicting for many, many decades now that “Dead Legs

Will Walk Again.” Broken and shattered spinal cords to be routinely repaired once remyelinating nerve fibres is perfected.

* * *

Secret to “eternal life” is hidden within the very *bowels* of ancient mummies whose sepulchres hide strange writings! A remarkable find that predates even the great Egyptian pyramid Giza.

The Egyptian embalmers’ process for *preserving* the Pharohs is extremely crude, but does *have some basis in fact*, albeit a wa-a-ay off base. The *true* process is akin to the foggy biblical story of the notion that Eve was created from the rib of Adam, which sounds ridiculous until viewed from the perspective of modern science, genetic DNA cloning. In like manner, the embalmers were onto the secret of eternal life, but couldn’t quite get it. BUT WE DO! – AND WE WILL!

* * *

Women *to* be admitted to the Catholic priesthood while priests *are* allowed to marry (if Mother Church wants to ensure its survival).

* * *

That it was **not a star** but a brilliantly lit *UFO* that led the Magi (Three Wise Men) to the place where Jesus lay; that the “angel of the Lord” who appeared to the Sheppards “watching over their flocks by night” were indeed extraterrestrial astronauts! – this news shall be forthcoming out of their own mouths!!!

* * *

More and more, people will opt to live with pets rather than people or spouses. Pets less muss, less fuss. Marriage obsolete.

* * *

Because major medical breakthroughs allow people longer lives,
overpopulation the cause of WWII!

* * *

Homeless people abound on every street of every major city in the world!

* * *

One by one, giant corporations crumble, as greedy CEOs are arrested and
the *people* take possession.

* * *

Yugoslavia and the Balkans will explode (yet again). The disparate states
will come under the direct control of a brutal leader – worse than Stalin!
He shall unite all Russia to begin anew “the dance of death!”

* * *

For a thousand years Canadian and American Natives will enjoy world
status such as they have never known before: politically, socially and
financially.

* * *

India rises to world prominence to pose a serious threat, but ultimately
takes the Holy Path.

* * *

“Alien” skeletons discovered in and around ancient Chinese tombs with hieroglyphics depicting “spaceships falling from heaven!” (Heavens to Betsy!)

* * *

Lightweight floating homes constructed which rise above ground at the slightest provocation, much less than when an earthquake hits! Once danger has passed, they can again be lowered and re-anchored.... Southern California take note!

* * *

Re-discovery of the gene that triggers growth of teeth. Humans will reproduce multiple sets of shiny new ivories, just like sharks (and lawyers).

* * *

Medication is reduced to *waveform particles* delivered through computers directly into the bodies of patients hundreds, thousands – possibly even millions of light-years away!

* * *

Human remains to be buried deep in space! Joining cosmic human remains will be dangerous nuclear waste!

* * *

The billion dollar bottle water industry evaporates when they find that your H₂O comes directly from the tap – or worse!

* * *

Cryogenics, the quick, deep-freezing of human bodies instantly following death, returns big time to eventually cure people of the disease from which they died.

* * *

Believe-it-or-not! Head transplants will become commonplace!

* * *

“Thought” police become the way of future crime prevention. This allows law-enforcement to obviate criminal intent, thereby dealing felons a death blow before they leave the starting gate.

* * *

“Corpses old, corpses new, resurrected from that which *was* you! From below the DNA level, even beneath the Immaterial Life-force Itsself Which is beyond Space and Time!

* * *

Transmission of solid bodies – animate, inanimate – also become commonplace.

* * *

A sweeping world revolution! Tremendous upheaval of existing social mores; up is down, down is up!

* * *

From the Great Debacle will arise a new world leader!

* * *

Red factions rise in the East! Once again seeds of communism are sowed by a descendent of Leon Trotsky who will lead his new Red Army against Western Society in this yet one more step leading up to World War III!

* * *

Androids will do jobs too dangerous for humans, making bomb squads, the army and city garbage men, obsolete.

* * *

It won't be long before Earth's population explodes to outstrip food supplies. Luckily, large food crops planted in Alaska and Antarctica will grow quicker than plants elsewhere, due to *new* tilt of Earth's axis!

* * *

Beware the man with the blue turban! The scourge of mankind!

* * *

The current war in the Mideast will last thirty years! – eventually drawing in all nations! Our world will be war-weary before this monster is driven back to the sand and sea by the mighty Eagle!

* * *

A complete understanding of psychic Energy – its *control* and *use* – to be taught in universities throughout the world as part of their physics curriculum, just like heat, light, electricity and now psychism.

* * *

Time-travellers *step through* the fabric of time, the Cosmic portals of space, making obsolete the concept of long distance travel from one galaxy to another.

* * *

THE NEW “MISSING LINK” THEORY will equal the creation theory plus lower primates (monkeys, apes, chimpanzees and orangutans) *plus* genetic manipulation ($ML = C + LM + GM = \text{Man!}$). A heretic body of genetic engineers will demonstrate the above theory until it become a reality, thereby creating a hybrid in the same manner no doubt *we* were ourselves created by extraterrestrials.

* * *

Ghostly specters that haunt castles and mansions and such, will be trapped by a “specter meter”-type gizmo that reveals these “figures,” which are usually dressed in period costume, are merely photographic images of “*then*-living people” that are caught in a film loop, as in family

videos, that play over and over again, ad infinitum, et ad nauseam.

* * *

Although there only will be one world leader, His designates shall be determined to rule or guide others based solely on merit: honour, courage, fairness and, most importantly, compassion. A meritocracy.

* * *

Physical sex obsolete! Yes! Thanks to – or no thanks to – special machines designed to stimulate parts of the brain (especially the pleasure parts), lazy sex will be the norm as humans, by now far too busy to take precious time out of their busy schedules for the lowly exchange of bodily fluids, make all that physical exertion redundant and superfluous.

* * *

Modes of transportation – public and private – that no longer require roads and rails glide over land *above* it. Wheels still optional in the event of power failure; but traffic “lanes” (of sorts) still utilized for easy flow and control. The vehicles themselves will be remote controlled by voice and auto-pilot.

* * *

Since all crime – including homicide – are anticipated by the “thought police,” *mortal* competition will return as in ancient days of Rome, to satisfy the blood lust of masses.

* * *

Society, striving through genetic engineering to develop perfect human beings, experience shameful periods of euthanizing babies (defective ones, and *where* have we seen *this* before?), but yet one day will succeed.

* * *

One world ruler and one law: “An eye for an eye and a tooth for a tooth!”

* * *

Currently illegal substances will be universally decriminalized then regulated by the One World Government.

* * *

Global armies increase exponentially, almost *supernaturally*, as Nature prepares herself for Mankind’s self-immolation.

* * *

Life becomes more terrifying, and university students study harder to stay within the safe confines of the academic world, rather than enter the fray of the Real World!

* * *

An unearthly attack from the heavens renders all populations of all cities senseless! Panic reigns! Surrealistic! Not unlike H.G. Wells *War of the Worlds*!

* * *

A breakdown of human morals and values, due specifically to overpopulation and food shortages. Cannibalism, Man's strictest taboo, becomes necessary for survival!

* * *

The ultimate end of this planet? When the great Goby once more becomes an ocean.

* * *

A deep-sea, transatlantic freeway makes travel to and from Europe accessible and affordable, much as does the Chunnel between Great Britain and France. (Which I *unknowingly* predicted many moons ago.)

* * *

A complete roll-reversal: men become women, women become men – which is to say, since physical sex will no longer be necessary, males will become effete as women become powerful, both in the home and in the office. Or as is often stated: “Women *pretend* to be, what men *really* are.”

* * *

Wealthy and powerful leaders colonize other heavenly bodies to which they'll escape with not only kith and kin, but those who can contribute to a new society. People who cannot afford a ticket or have no special skills (doctors, carpenters, scientists), shall remain to experience the horror!

* * *

Fashionable clothing for special and everyday functions are replaced by utilitarian dress to “suit” (no pun intended) the dark, hard times of the next several decades.

* * *

As precedes the Omega of every civilization, our world will enjoy a decade of festivals, entertainment and revival of everything cultural, prior to the end, like a Supernova burning most brightly before sinking into the abyss.

* * *

Robo-nannies to replace television as electronic babysitters of children whose parents/guardians are too busy to bother doing the job. They will wonder why their kids are bonding with their *metal mothers* and developing self-same automaton personalities to the exclusion of any plight that might stalk their flesh and blood parents.

* * *

The human race, following yet another massive metamorphosis, will communicate entirely via telepathy. As in the story of the Tower of Babel, all language fails which brings us Full Circle. Garbled utterances followed by the new *talk*.

* * *

With regard to the above, I have stated for over forty years that the only *true* language is the Universal language of music, transmuted from the Vibrations of the Cosmos into melodic sounds and, to get across the *point* of communication to you – Intuition, Hunch, Gut feeling, Telepathy – or, simply put, Instinct.... *Everything* is based on vibrations.... Therefore, the *true voice* of the coming new Era will be that Voice

spoken from the Universe. Remember, *there really is nothing new under the sun*. What exists now, Has Been before and Shall Be again, in one form or another. “And I shall create for you a *new* heaven and a new Earth.” And why not? It’s been going on forever and ever, all Eternity, this dance of the Universe....

* * *

The indiscreet birth of an illegitimate child in a private hospital will make headlines around the world. The baby's mother will be a pop-sensation and the father, none other than **PRINCE HARRY**. Although Harry will deny being the father of the child (naturally), he will refuse to take a paternity test, much to the surprise of the public.

* * *

PRINCE CHARLES, Heir apparent to the British throne, shall grieve for the loss of a child.

* * *

Attack on Paris, France, that will render its Eiffel Tower useless. Toppled! (* Predicted in 2002 and –3; fire struck July 23, 2003. This is only the beginning of what’s to come.)

* * *

Civilization will experience a vigorous return to all things cultural, like the supernova that burns brightest before the end.

* * *

The world will be stunned by an unexpected candidate for the Presidency of the United States. *She* will win!

* * *

Watch out for the blue-turbaned madman!

* * *

Satanail, who roams the fathomless abyss of space, will let loose on the world. Woe unto us!

* * *

Southern California, specifically Hollywood and the Santa Monica-area, are due for a haymaker earthquake. *Devastating!*

* * *

A new evil is coming from the Middle-East, one with much more funding than **OSAMA BIN LADEN** ever dreamed of. Americans beware! The *real* terror has not yet begun.

* * *

I've been married five times and each time I got divorced – *I* kept the house!” Gotcha, Jackie. ...Newspapers world-wide to carry the *true* story of the “scandal” that shall split asunder this magnificent theatrical family. A fascinating tale which involves the late Frank Stallone Sr., Frank Jr., mother, Jackie, sister, Toni Ann – and, of course, Sylvester. It's gonna be a doozy, and it's gonna knock yer socks off!

[* P.S. – I now realize I should have used the word “tragedy” instead of “scandal” in light of the recent tragedies that have plagued the Stallone family. (First prophesied: *STARGAZER*, June 2012; to wit: “Sylvester Stallone's son, Sage, dies suddenly!” and “Sly's sister Toni Ann dies of lung cancer!” July 13, 2012 and August 26, 2012 respectively, *Toronto Sun*.)
