protect its inhabitants. Sort of like those old 1950s comic book versions of Atlantis under glass, at the bottom of the ocean. So thick and sick will be the air that anyone venturing “outside” will have to wear something that resembles a deep-sea diving suit with a built in oxygen tank.... Governments, ever enterprising, will probably charge citizens for

In and around the *Marianna Islands* and its *Trench* (deepest canyon of all the canyons of any of the oceans). Truly, the world shall marvel!

An *upside-down mountain* rises from the deepest seabed!

A globally recognized beer brand is blamed for a rash of sudden deaths—worldwide—due to its chemical compound. The adverse health effects are so severe that the brand is forced to disappear forever. The brand is *AYDS*, whose slogan was: “Lose weight quickly with AYDS!”

Predicted in STARGAZER: PREDICTIONS & PROPHECIES – 2008!

Welcome to the 51st state as *Canada* slowly continues to be annexed, subsumed or otherwise engulfed by the smothering love of its extended family to the south.

Yukon and *Northwest Territories*—and beyond! Peoples of every nation will sojourn in these places.

Boy, oh boy—are we ever quickly moving toward the cashless society I’ve been predicting for years, as paper money becomes worthless! What will take its place, we wonder...perhaps belly button lint?

Gold standard returns—increases threefold!

The above prediction was first prophesied in Anthony Carr’s *STARGAZER: Predictions & Prophecies* 2008; To wit: “Donald Trump says Canada becoming 51st U.S. state is a great idea.” *CTV News*, December 18th, 2024.

Also, from Anthony Carr's *STARGAZER: Predictions & Prophecies for 2024*:

“Former U.S. President **DONALD TRUMP** has all charges against him dropped when he once more becomes President and pardons himself of all charges and convictions.”

Anthony Carr, the *only* person in the world who predicted — a year previously! — Donald Trump would win the Presidency — despite all the serious charges against him. A long shot prediction!

By the way, there is a Canadian election for a new Prime Minister on the horizon. They're forcing Justin Trudeau to step down. In comparison to Trump, both Justin (Liberal) and Pierre Poilievre (Conservative) look like little boys who should be in short pants and sucking lolly-pops. I have already predicted that “**DOUG FORD** will one day become Prime Minister of Canada.” (*STARGAZER 2018*.) He is the only guy who can go toe-to-toe with Trump and not take any of his guff!

IS TRUMP THE BIBLICAL BEAST?

[REVELATION 13:3]

“And I saw a beast rising out of the sea, with ten horns and seven heads. *One* of its heads ‘*seemed*’ to have a mortal wound (Trump?), but its mortal wound was healed, and the *whole Earth* followed the beast with wonder, saying, who is like the beast, and who can fight against it?”

Authority was given it over every tribe and people and tongue and nation, *all* who dwell on Earth will worship it!

Then I saw another beast which rose out of the Earth (Putin?). It exercises all the

authority of the *first beast* (Trump) in its presence and makes the Earth and its inhabitants worship the first beast, *whose mortal wound was healed*. (Trump?)

The beast (Trump?) deceives those who dwell on Earth! Bidding them (the Earthlings) to make an image for the beast which was wounded by the sword and yet lived; and it was allowed to "give breath" to the "image" of the beast so that the image of the beast should *even "speak!"* (Television, TikTok, etc.)

It works great signs, even making fire come down from heaven to Earth in the sight of men (drones, missiles, lasers, etc.)

Anthony Carr's interpretation of "**THE BEAST**" (Rev., Chapter 13)

Donald Trump once said this about late Republican Senator John McCain, back on July 18, 2015: “He’s not a war hero. He was a war hero because he was captured?” Trump, incidentally, *never* served his country. His only service to it was — and still is — to help himself to as many servings of it as he can possibly wolf down! That’s the extent of his heroic sacrifice for his country. Which now begs the question: Why is Trump being hailed as “a hero”? Because he accidentally dodged a bullet? — not even on purpose! — It was just pure dumb luck that his would-be assassin was a rotten shot! And that Jupiter, the great benefic planet of good luck, now traveling through the sign of Gemini is what really saved Donald Trump’s life, because *he is a Gemini!* If not for that — his brains would have been splattered all over that giant jumbotron!!

Trump is a President who received several deferments during the Vietnam war, probably because his late Father bought him out of the conflict, no doubt, like *all* spoiled rich brats... rich brats including my own Prime Minister of Canada, Justin Trudeau, who wears pansy “Argyll” socks and brown shoes with a blue suit! He looks like Helen Keller dressed him!

President **TRUMP** and Televangelist **PETER POPOFF** could be twins! Both have squinty, beady eyes as they look through your TV screen and B.S. you to death! Both look like they should be wearing loud, black-and-red checkered sports jackets as they spew forth. And Trump especially reminds me of the Biblical Beast, Rev. Chapter 13: “...and the beast shall deceive all the inhabitants of the Earth.” And he most certainly will! And both look like used-car salesmen! Now, honestly — would *you ever* buy a used car from either one of these guys? Come on — tell the truth and shame the devil!

THE TUTONIC TYRANT — TRUMP?!

Mr. President, heed my prophecy *well!*... You are treading on very thin ice. If you persist in making continued threats about annexing Canada as America's 51st State — (even though I publicly predicted “the attempt” in one of my periodicals many decades ago) — you will open a Pandora's box that can *never be closed!*

Canadians *do not like bullies!* Through two World Wars we have been Allies and friends, and lest you forget, it was the Canadian Ambassador to Tehran, Kenneth D. Taylor, who — at the risk of his own life — saved the lives of several American staff members whose own Embassy building was then under siege, sneaking them into the Canadian Embassy and out of the country — using fake passports — and then safely home.

Mr. President, you also make mention of the fact that we in Toronto (then called York), paid Washington a little visit and set fire to your White House, turning it into a Black House. True. But it was retaliation for the prior American sneak attack on Toronto (York) during which U.S. troops burned and looted our fair city (quid pro quo, sort of).

Come. Let us continue to be friends and Allies. There are now eight billion people in the world. — Eight billion!! At the outbreak of WWII, there were only two measly billion souls on this planet — and still... look what happened! Even if you succeed in building a “wall” from sea-to-sea, locking in nearly 400 million Americans, what do you think the other seven-and-a-half billion are going to do — just lie down and die? Not a chance — they'll rise up and take everything from the “haves” and hopefully give “*some*” to the “have-nots.” It may be the only way to survive this greatly overcrowded planet which is capable of comfortably supporting about three-and-a-half billion. Something's got to give! Even if WWIII breaks out, it'll seem like a walk in the park compared to the Menace from Outer Space, they who created us homo sapiens, the Annunaki! AND THEY TRULY ARE BRUTAL!!!! Call them — or Him — whatever you will: — God, Lord, Yahweh, Jehovah, Allah — no matter. But when they arrive, “We shall *all* have to hang together or,” as Benjamin Franklin infamously and so eloquently put it, “We most assuredly will *all* hang separately!”

So, Mr. President, you don't want us as an enemy when we might accomplish so-o-o much more together as friends.

P.S. — I greatly enjoy you as an entertainer, but as for your politics?... Well, if you conflate the politics of Hitler, Stalin, Lenin (and I don't mean John), Mussolini, and Satan, they together would seem as harmless as Shirley Temple singing, "On The Good Ship, Lollipop," compared to your agenda. And lastly, Mr. President, we — that is to say — you and I — have a mutual friend in Hollywood, Sylvester Stallone — and, for me in particular — his late Mom, Jacqueline Stallone, who was a great astrologer who — as I know *you* know — because I was there at her home when she told you, through Sylvester — that *you* were going to be the next President of the United States!

And now here you are again (only this time I predicted your win, as far back as a year ago). And so, Mr. President, "Stay calm, carry on" and keep your ego in check. Because "What goes up must come down" (eventually). The planets are presently in your favor. Do you remember when you asked Sylvester, before you won your first term: "Are you *sure* your Mother said I was gonna win?" Her words were: "Most assuredly." And shortly after, she passed away — but not before she answered my final question after about your 3rd year in: "Jackie" I asked. "Do you think Trump will win a second term?" Her reply: "I hope not." She truly was a good friend to me, and to my late Mother. And I hope they are together again — somewhere, in that Great Beyond....

“Price is Right” game show host **BOB BARKER** leaves this world at the ripe old age of 99.

“Joker” **JACK NICHOLSON** has a cardiac scare after which he goes on a health kick, losing weight, eating better and looking ten years younger.

ARNOLD SCHWARZENEGGER eventually becomes a man-machine similar to the Terminator, when his heart problems recur forcing a need for an artificial heart. The operation is a success, and *he comes back* for a fifth Terminator movie. But seriously, he should watch for more heart problems!
